

# Bridging The Gap

Please join us for Manassas  
Park City School's 3rd  
"Bridging the Gap" ceremony  
and dedication event!

Refreshments  
will be served!

## **What is Bridging the Gap?**

This is a student-run outreach program that donates computers to the community. Manassas Park High School students in the Technology Assistance Corps build and refurbish donated equipment to be distributed to families without a computer as well as community organizations in need of equipment. The "Bridging the Gap" events allow the students to educate and train the families who are receiving the donated computers. This program works in partnership with the Virginia Student Training and Refurbishment Program, "Virginia STAR".

## **Who is Receiving Computers?**

The MPHS TAC Club donated ten computers to the Manassas Park Community Center, as well as additional computers to select families with children attending Manassas Park City Schools. Join us for a ceremony and dedication event.

**Time:** 7:00 p.m.

**Date:** Tuesday, February 28, 2012

**Location:** Manassas Park Community Center  
99 Adams Street  
Manassas Park, VA 20111
